INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Dogs Trust USA, Inc.

We have audited the accompanying financial statements of Dogs Trust USA, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dogs Trust USA, Inc. as of December 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 7 to the financial statements, in March 2020, the United States declared the global pandemic novel coronavirus COVID-19 outbreak a national emergency. As a result, Dogs Trust USA, Inc. has suspended some of its program activities at the direction of state and local government authorities. Our opinion is not modified with respect to this matter.

Another organization that is controlled by DTUK is Dogs Trust Worldwide (DTW). In 2018, the Organization received a multi-year pledge from DTW of which approximately \$365,000 was receivable at December 31, 2019. In addition, funds were advance by DTW during 2019 of which approximately \$107,000 was included in Accounts payable and accrued expenses at December 31, 2019.
